

HOTT ACTIVITIES

Lesson Plan

Health Careers Board Game Name: _____

Date: 6-11-12

Professions: All health professions

Grade Level: 9-12

All HOTT lesson plans are designed with the purpose of increasing students' awareness of the variety of health careers that are available to them. If possible, invite the corresponding health professional into your classroom to discuss his/her occupation. If this is not an option, use the attached sheet(s) to share this/these career(s) with your students.

Purpose: To inform students of healthcare career opportunities.

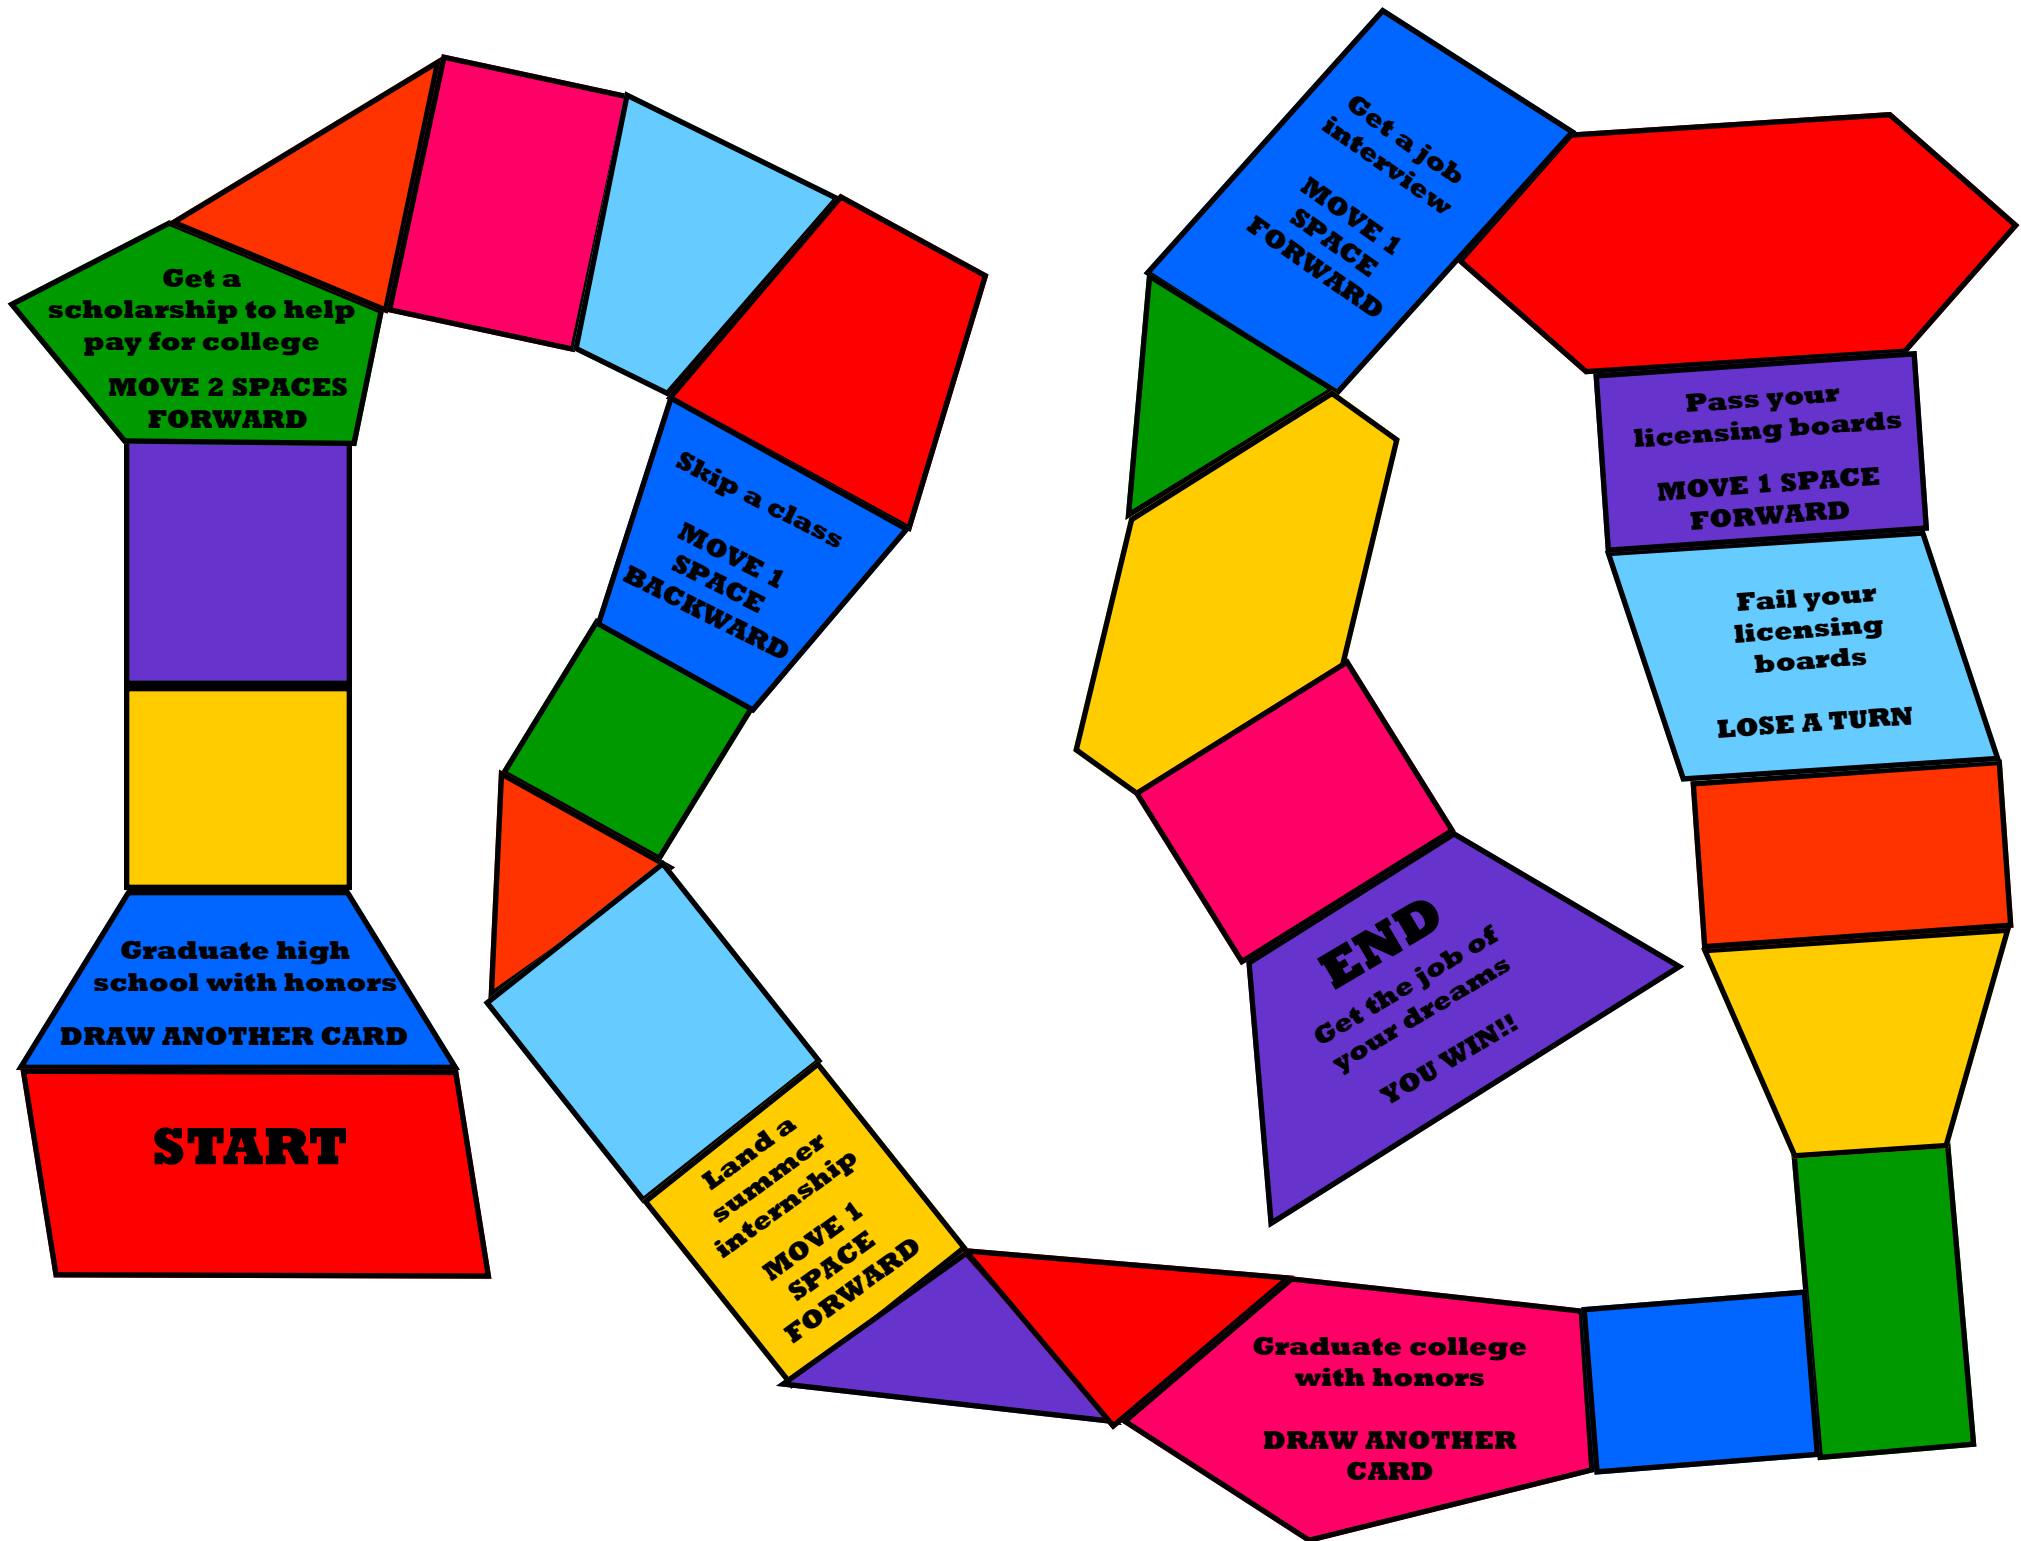

Materials needed:

- Game board – attached
- Trivia cards – attached
- Small game piece for each player (ex. Penny, paperclip, jellybean)

Duration: 30 - 45 minutes

Instructions:

- Print out game boards.
- Print out questions and cut them out. Shuffle a few times and place them face down next to the game board.
- The game is made for 2-4 players per board, so make sure you have enough copies of the game board and the questions for all groups.
- Separate students in groups of no more than 4.
- Each student in the group needs a different game piece. Place them all on the "Start" space.
- Then choose one student to go first and proceed clockwise after that.
- The player to the left of the student going first draws a question card from the top of the stack and reads it to the first player. The question cards have the question in black (top), the answer in red (middle), and the directions on how many spaces to move in blue (bottom).
- The first player then gives their answer. Using the directions in blue, have the player move as directed. If they answer correctly they should be moving forward. If they answer incorrectly they should be moving backward or staying on their current space.
- Repeat these actions for the next player and so on.
- Some of the spaces on the board have directions on them. If a player lands on one, read the directions and follow them. If a player lands on a "draw another card" space, the player is read another card immediately. If a player lands on the "lose a turn" space the player will be skipped on their next turn. If a player lands on the "move forward" or "move backward" spaces do so immediately.
- A player wins when they reach the "end" space. Players do not need to land exactly on the end space to win (ex. If a player is 2 spaces from the "end" space and gets a question correct that tells them to move forward 4 spaces, they are still the winner).
- If possible do not reuse questions within a game.

<p>What is another name for the hardened plaque that can only be removed by your dentist or dental hygienist?</p> <p>Tartar</p> <p>If answered correctly, move 5 spaces forward. If incorrect, stay on current space.</p>	<p>How many dental schools are there in the United States?</p> <p>55</p> <p>If answered 55, move 8 spaces forward. If answered within 20, move 5 spaces forward. Any other answer, stay on current space.</p>
<p>What health professional's duties include taking x-rays of patient's teeth and cleaning their teeth?</p> <p>Dental hygienists</p> <p>If answered correctly move forward 3 space. If incorrect, move 1 space backward.</p>	<p>What vitamin plays an important role in the eyes adaptation to dim light?</p> <p>Vitamin A</p> <p>If answered correctly, move 4 spaces forward. If incorrect, stay on current space.</p>
<p>What health professional provides most primary vision care? They examine people's eyes to diagnose vision problems and eye diseases.</p> <p>Optometrist</p> <p>If answered correctly, move 1 space forward. If incorrect, stay on current space.</p>	<p>What is the most common human eye color?</p> <p>Brown</p> <p>If answered correctly move forward 1 space. If incorrect, move 1 space backward.</p>
<p>What is the only technical school in South Dakota that offers training in Cardiovascular Technology?</p> <p>Southeast Technical Institute, Sioux Falls</p> <p>If answered correctly, move 6 spaces forward. If incorrect, stay on current space.</p>	<p>How many years must physical therapy assistants attend school?</p> <p>2 years</p> <p>If answered correctly, move 3 spaces forward. If incorrect, stay on current space.</p>
<p>What kind of doctor diagnoses and treats ailments, injuries, and diseases of the foot and lower leg?</p> <p>Podiatrist</p> <p>If answered correctly, move 7 spaces forward. If incorrect, stay on current space.</p>	<p>What university has South Dakota's only pharmacy program?</p> <p>South Dakota State University, Brookings</p> <p>If answered correctly, move 1 space forward. If incorrect, stay on current space.</p>

<p>What health professional specializes in the study of normal and impaired hearing?</p> <p>Audiologist</p> <p>If answered correctly, move 8 spaces forward. If incorrect, stay on current space.</p>	<p>An LPN is a nurse with less training than a registered nurse (RN). What does LPN stand for?</p> <p>Licensed Practical Nurse</p> <p>If answered correctly, move 3 spaces forward. If incorrect, stay on current space.</p>
