

HOTT ACTIVITIES

Lesson Plan

Health Career Brochure Name: _____

Date: 6-11-12 **Professions:** A variety of health professions

Grade Level: 9-12

All HOTT lesson plans are designed with the purpose of increasing students' awareness of the variety of health careers that are available to them. If possible, invite the corresponding health professional into your classroom to discuss his/her occupation. If this is not an option, use the attached sheet(s) to share this/these career(s) with your students.

Purpose: To educate students about different health career options.

Materials needed: Computer with Microsoft Word or Publisher

Duration: 3 class periods

Instructions:

- The teacher will tell students to pick a health career that they are somewhat interested in.
- Once the student has chosen their career, have them write their career on a piece of paper, and hand the paper in.
- The student will create a brochure for the career on the computer.
- The brochure will need to include information about the occupation including job description, job outlook, salary, etc.
- The brochure should have pictures, borders, etc.
- Allow the student to research using the internet.
- Students may find information about health careers on internet websites including but not limited to:
 - US Department of Labor: <http://www.bls.gov/oco/>
 - HOTT: www.healthcareers.sd.gov
 - SD Department of Labor: <http://dlr.sd.gov/>
