

HOTT ACTIVITIES

Lesson Plan

Connect-the-dots

Name: _____

Date: 8-2-12

Grade Level: K-2

Professions: A variety of health professions

References: SD Office of Rural Health

All HOTT lesson plans are designed with the purpose of increasing students' awareness of the variety of health careers that are available to them. If possible, invite the corresponding health professional into your classroom to discuss his/her occupation. If this is not an option, use the attached sheet(s) to share this/these career(s) with your students.

Purpose: To better students counting skills and to improve students hand/eye coordination.

Materials needed: Worksheet and a pencil

Duration: 10 minutes

Instructions:

- The teacher will hand out the worksheet.
- The students will connect the dots by counting in the correct order.

Name: _____

A **children's doctor or a pediatrician** is a doctor who helps kids and babies feel better when they are sick. They give them check-ups to make sure that they are healthy. They can also give kids medicine to help them feel better.

Who has been to the doctor or pediatrician lately?

What did the doctor do?

Where does a doctor work? (*hospital, clinic*)

Who helps the doctor? (*nurse, pharmacist, lab tech....*)

A **Nurse** is a person who cares for people who are sick or disabled. The nurse may check the patient before the doctor sees them. They may check the ears, throat, eyes, or blood pressure.

Do you know a nurse?

Where can a nurse work? (*school, clinic, hospital...*)

Do you know your school nurse?

How do nurses help you?
