

Healthcare Trends Media Bulletin Board

Class/Classes: All

Professions: A variety of health professions

Grade Level: 6-12

All HOTT lesson plans are designed with the purpose of increasing students' awareness of the variety of health careers that are available to them. If possible, invite the corresponding health professional into your classroom to discuss his/her occupation. If this is not an option, use the attached sheet(s) to share this/these career(s) with your students.

Purpose: Students will explore the media to uncover current health trends.

Materials needed: Newspapers, magazines, internet, and other resources

Duration: 1 class period

Instructions:

- Students should explore magazines, newspapers, and the internet to uncover current health trends. These trends may include breakthroughs in prevention or treatment of a disease, specific health professions, or new advances in technology.
- Students should clip the articles and after presenting a brief summary to the class, proceed to place them on a bulletin board so other students may read the articles.
- The summary should cover who, what, where, when, why, and how.
